

A blue-tinted image of a robot's hand hovering over a digital data stream. The robot's hand is composed of various mechanical parts and joints, rendered in shades of blue and white. It is positioned as if about to interact with a glowing digital interface. The background is a dark, textured surface with a grid of light blue and white dots, suggesting a data stream or a digital landscape. The overall aesthetic is futuristic and high-tech.

You are accessing a U.S. Government (USG) Information System (IS) that is provided for USG-authorized use only.

By using this IS (which includes any device attached to this IS), you consent to the following conditions:

-The USG routinely intercepts and monitors communications on this IS for purposes including, but not limited to, penetration testing, COMSEC monitoring, network operations and defense, personnel misconduct (PM), law enforcement (LE), and counterintelligence (CI) investigations.

-At any time, the USG may inspect and seize data stored on this IS.

-Communications using, or data stored on, this IS are not private, are subject to routine monitoring, interception, and search, and may be disclosed or used for any USG- authorized purpose.

-This IS includes security measures (e.g., authentication and access controls) to protect USG interests--not for your personal benefit or privacy.

-Notwithstanding the above, using this IS does not constitute consent to PM, LE or CI investigative searching or monitoring of the content of privileged communications, or work product, related to personal representation or services by attorneys, psychotherapists, or clergy, and their assistants. Such communications and work product are private and confidential. See User Agreement for details.

Welcome to DOD-US1364-25

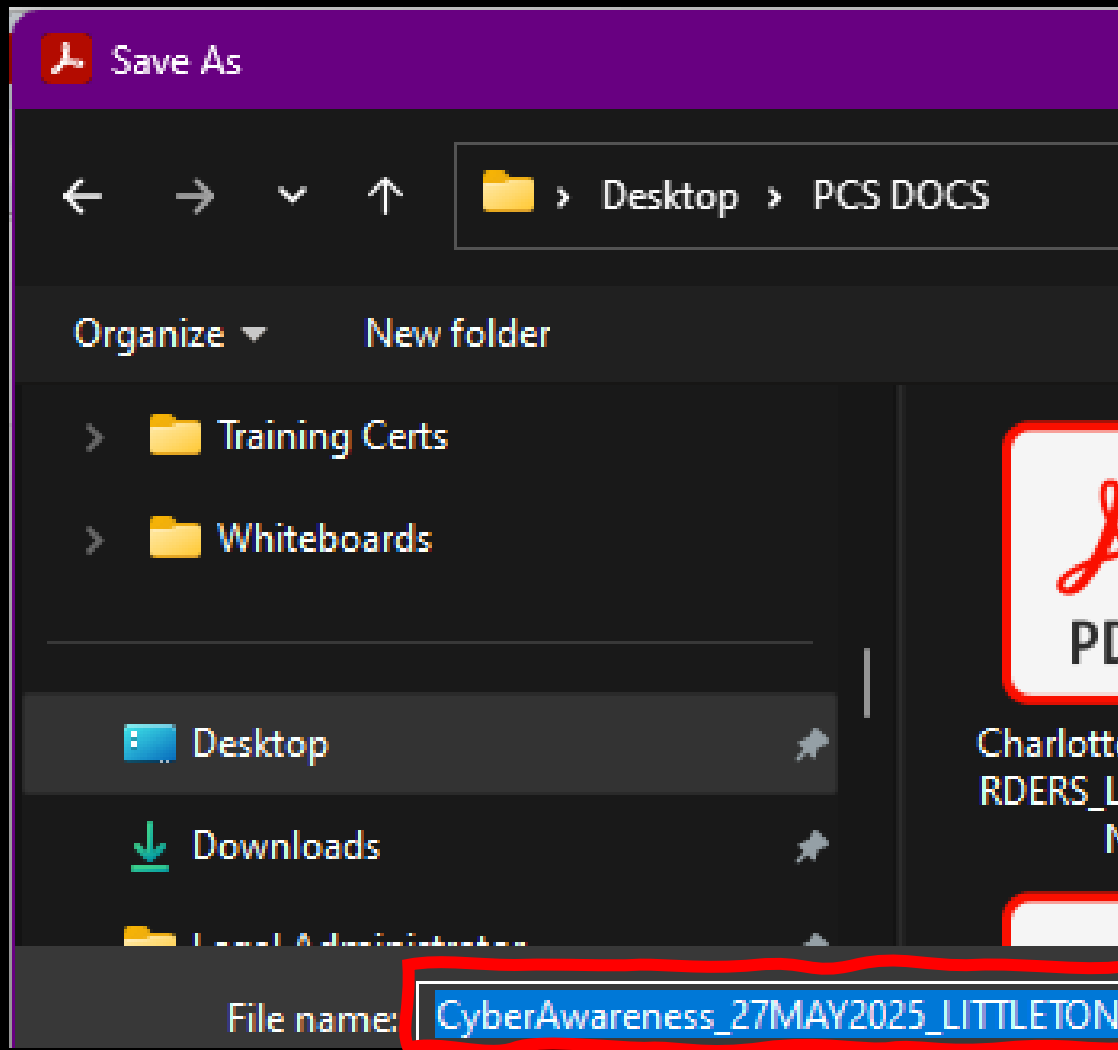

Department of Defense (DoD) Cyber Awareness Challenge 2025 (1 hr)

The purpose of the Cyber Awareness Challenge is to influence behavior, focusing on actions that authorized users can engage to mitigate threats and vulnerabilities to DoD Information Systems. This training is current, designed to be engaging, and relevant to the user. The Cyber Awareness Challenge is the DoD baseline standard for end user awareness training by providing awareness content that addresses evolving requirements issued by Congress, the Office of Management and Budget (OMB), the Office of the Secretary of Defense, and Component input from the DoD CIO chaired Cyber Workforce Advisory Group (CWAG). This course provides an overview of current cybersecurity threats and best practices to keep information and information systems secure at home and at work. The training also reinforces best practices to protect classified, controlled unclassified information (CUI), and personally identifiable information (PII). A Knowledge Check option is available for users who have successfully completed the previous version of the course. After each selection on the incident board, users are presented one or more questions derived from the previous Cyber Awareness Challenge. If all questions are answered correctly, users will skip to the end of the incident. If any questions are answered incorrectly, users must review and complete all activities contained within the incident.

- ▶ **Start** - To begin the course, click the **Start** button in the header bar. Some courses may require a subsequent click of the **Next Lesson** button in order to begin.
- ▶ **Resume** - If you are re-entering the course, click the **Resume** button to access your previous location in the course.
- ▶ **Navigation** - Navigation controls are generally located in the following areas:
 - Top header bar - Contains the **Previous Lesson**, **Next Lesson**, **Suspend Lesson**, **Help**, and **Exit Course** buttons. (Some courses may not have all of these items available on the top header bar.)
 - Table of Contents Tree - Contains a listing of all lessons and exams.
 - Content area - Contains the **Next (or Continue)** and **Previous (or Back)** buttons.
 - Icons (Arrows) are sometimes available to navigate within a course.
- ▶ **Header Bar** - Use the **Next Lesson** button to access the next required lesson (when available).
- ▶ **Pages** - Use the **Next (or Continue)** button in the content area to access each page in the lesson.
- ▶ **Outline** - Use the links in the **Table of Contents** Tree to access an item that is active.
 - In-Progress lessons and tests are indicated by half-colored circles, while full completion of lesson and tests are indicated by a green checkmark.
 - Access to some of the completed items, such as tests, might be disabled after completion of the item.
 - After the completion of the course (graduation), the course content is accessible to you at anytime.
 - Click the **Expand/Collapse Tree** links to change the view of the **Table of Contents** Tree.
- ▶ **Suspend** - Use the **Suspend Lesson** button to bookmark your current progress in the course.

Upon course completion, follow the prompts to generate your certificate.
Click to download a copy of your certificate.

The screenshot shows a Google Chrome browser window with the title 'certificate.pdf - Google Chrome'. The address bar contains the URL 'chrome-extension://efaidnbmnnnibpcajpcglclefindmkaj/https://jko.direct.jten.mil/Atlas2/faces/page/generateMyCert.seam'. The browser's toolbar includes a search icon, a list icon, a download icon (highlighted with a red box and a red arrow), a print icon, and a 'Share' button. The document content features the 'JOINT CHIEFS OF STAFF' logo on the left, the text 'JOINT KNOWLEDGE ONLINE' in the center, and the 'JKO' logo on the right. A vertical toolbar on the left side of the document contains various editing tools like a cursor, zoom, and text selection.
